November 2020

Hope amid blight

That the seventeenth batch of engineering aspirants could come together on a virtual platform for the inauguration of preparatory class on the Institute-level is a testimony to the hard fact that the march of time is no respecter of the pandemic. On the second of November Dr Sangheetha S., Dr Kavitha, Prof Divya, Dr Nimmy, Ms Babitha and a few students held a lamp-lighting function to mark the opening as parents and students witnessed it online. HoDs, students and others expressed their felicitations and optimism on this occasion.

◆

Online Talk

The Tech Talk series continued with four speakers making presentations this month. 'Desalination', by Mr Sreejith, APCE; 'Skyscraper Buildings' by Ms Megha Vijayan APCE; 'Tensegrity Structures, By Ms Anjusha K.P, APCE; 'Shear Wall', by Ms Krishnapriya, APCE filled the monthly schedule. Online workshop on 'Project Orientation Training' was offered to civil engineering students by Ms Sameera Sali, Senior Technical Engineer from Bimlabs Engineering An extra-mural speaker, Mr Aslam Ummat, Centre Director, Calicut, presented a live webinar on 'Recession Proof Career after B.Tech' The talk was arranged by CSE Dept.
